

Garden Checklist

By California Association of Nurseriesmen

1. Planted now is full sun from a container, wisteria with its long racemes of pink, lavender or white will ultimately cover a huge area. The graceful sweet-pea-like flowers of this deciduous hardy vine offer a bonus of fragrance.
2. Pick seed pods off rhododendrons and azaleas to strengthen these shrubs. (Never cultivate or disturb the soil around the roots of azaleas or rhododendrons as the feeding roots grow near the surface.)
3. Showy dahlias, with their wide variety of forms and colors are still plantable for choice pickings from mid-summer until heavy frost. This widely cultivated favorite offers myriad choices for both garden and indoor arrangements.
4. Feed the early blooming summer varieties of chrysanthemums with liquid fish fertilizer according to manufacturer's directions. Slack off to about twice monthly with the first show of color.
5. Help vegetables along with regular, mild feedings and you'll be rewarded with a bigger and better crop.

Youth Leads Song Event

The monthly Hymn Sing of the Baptist Youth Fellowship of South Los Angeles will have Calvary Baptist leadership, according to Rev. H. Earl Kuester, pastor of the church, located at 2818 Manhattan Beach Blvd.

Barbara Kootz, director of the Calvary Chords Youth Choir will be the song leader, and Elsie Deane Morphis, church organist will be accompanist. The sing will be held at the First Baptist Church of Maywood, Sunday evening at 9 p.m. The average attendance at these sings runs to between 400 and 500 youth.

The pre-registration of the Calvary Baptist Elementary School for next fall has reached 160, with a goal of 200. Principal Tom Kelly is elated over this enthusiastic response for next fall, particularly in view of the fact that pre-regis-

tration already equals the enrollment for the semester which has just concluded. He predicts the highest enrollment in the history of the school for next term.

The Broadway Bond program for the new sanctuary continues to progress at the rate of \$2,000 per week, according to Hank Thomason, Central Committee Chairman.

The pastor will preach at all services next Sunday. At 8:30 and 11 a.m. his subject will be "The Will of God," and at 7:30 "Divine Justice and Capital Punishment."

New Space Assignment

Horkey-Moore Associates, a division of Houston Fearless Corp., has received a contract from Space Technology Laboratories for fabrication of antenna assemblies to be used in connection with Atlas-Able moon probe telemetry.

Marineland Curator Joins UCLA's Zoology Department

Marineland of the Pacific announced today that Dr. Kenneth Norris, the oceanarium's Curator since its beginning in 1954, has accepted an appointment as Assistant Professor of Zoology with the University of California at Los Angeles.

Norris, 35, who lives in Portuguese Bend with his wife and three small children, will begin his teaching duties at UCLA Monday.

HIS APPOINTMENT to the faculty was the result of a distinguished scientific career in which he made outstanding research accomplishments. He did pioneering work on the orientation of fishes to water temperature, demonstrated the functioning of the echo-location system of porpoises and whales, developed tranquilizers for fish transport, identified a

species of "mystery" porpoise whose existence had not definitely been known, and made other original contributions to his field of knowledge.

William F. Monahan, vice president and general manager of Marineland, appointed Assistant Curator John Prescott to succeed Norris. Prescott, 25, of Redondo Beach, will have the title of curator of fishes. At the same time, Monahan named David Brown of Marineland to the post of curator of mammals; he formerly had the title of director of mammal exhibits.

TWO OTHER promotions were those of Frank Brocato to director of specimen collections and Frank Calandrino to assistant director of specimen collections.

Brocato has been honored as being the subject of an episode
